QA-SURE is a project that will focus on adapting modern and European quality assurance practices, instruments, methodologies, and thus aid the alignment of quality assurance standards of the project partners with those set out via the ESGs 2015 and European best practices.

This will be achieved by:

- Realignment of QA structures and mechanisms based on policy and regulations, QA cycles, and other institutional indicators, and widening of input into the systems by higher participation rates of students and external stakeholders,
- Training of QA, administrative and academic staff (>150) as well as, students (>50), to ensure better preparation and inclusiveness of administrative and academic products within the partner HEIs, especially when it comes to service and study product design, and
- Utilizing internationalization and digitalization as mechanisms for enhancing quality culture, while at the same time improving institutional transparency and accountability.

### AIMS AND OBJECTIVES

General objective

Establish/enhance and support quality assurance structures and mechanisms

- For effective management and operation through teaching and learning processes in the WB region,
- Including deeper integration into European Higher Education Areas (EHEA).

### Specific objectives

- SO1: Establish/enhance Quality Assurance Units/Offices of HEIs in AL and KS and provide capacity building on quality assurance processes within networks of HEIs.
- SO2: Training processes for designing study programs of HEIs based on labor market needs, including the Action Plans for supporting the processes of QA in teaching, learning and administration.
- SO3: Improve coordination through a long-term policy and associated methodologies for strategies on internal quality assurance at WBU and its partners, for international institutional accreditation of WBU and relevant partners.
